Hong Kong Electronics Symposium 2014
"Internet of Everything (IoE) - Smarter Hong Kong"

14 April 2014 • Hong Kong Science Park

Programme Detail

Date: 14th April 2014

Time: 9:00 am – 5:45 pm

Venue: Charles K. Kao Auditorium, 1/F, Lakeside 2,
        Hong Kong Science Park, Pak Shek Kok, Shatin, Hong Kong

Programme Highlight

Internet of Everything (IoE) brings people, processes, information and things via an evolving virtual space into a newer and more promising dimension. The HKES2014 Symposium is an annual flagship event organized by the HKIE-EN Division. It embraces key technologies, applications, insights and best practices of IoE. It provides a platform for engineers, academia and business community for professional exchange and nurture of new insights.

Summary of the Symposium

A) A full day session with one keynote, 8 talks and 2 panel discussions that cover communication technology, infrastructure, and application of IoE

B) The key note and panel discussion are focusing on:

  - Newly emerged technologies
  - Implication to technology and creativity industries
  - Change of life style by new technologies

For details and enrollment, please visit HKES2014 website or contact Miss Veronica Cheng at (852) 2734-3312, or email to veronica@pctourshk.com

Rundown of Hong Kong Electronics Symposium 2014

Morning Session		Speaker / Moderator
8:30 – 9:00 am	Registration	
9:00 – 9:05 am	Welcome Speech	Ir Henry CHEUNG Chairman, HKIE EN Division
9:05 – 9:10 am	Vote of Thanks	Ir Dr Kim Fung TSANG Chairman, HKES2014 Organizing Committee Deputy Chairman, HKIE EN Division
9:10 – 9:20 am	Opening Speech	Ir Joseph CHOI Vice President, HKIE
9:20 – 9:40 am	Keynote Speech	Mr Daniel LAI, BBS, JP Government Chief Information Officer, OCGIO
9:40 – 9:45 am	Presentation of Souvenirs and Photo Taking	

9:45 – 10:15am	Talk 1: Big Data-enabled WiFi-based Tracking	Professor Victor OK LI Chair Professor and Head, Department of Electrical & Electronic Engineering, The University of Hong Kong
