

Introduction

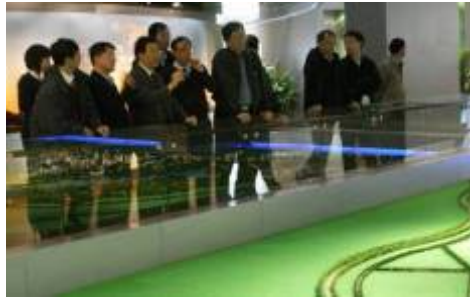

Year 2008/09 was the 30th Anniversary of the Electronics Division. At the same time, it was an unusual year. The impacts of the financial tsunami had affected every sector in the society, with no exception to the electronics industry. The Electronics Division had organized a series of activities and projects to celebrate the 30th Anniversary but at the same time react to the changes in the economic environment. The activities and projects are listed as follow.

1. Major activities and projects

1.1. China Delegation (5-6 December 2008)

On December 5-6, 2008, the Electronics Division organized a two-day delegation visit to Dongguan. The Dongguan University of Technology, the Dongguan Sung Shan Lake Science Park and IC packaging centre of the Solomon Systech were visited on the first day. The strengths and competitive advantages of the Sung Shan Lake Science Park and the electronics industry in Dongguan were studied. The delegation also arranged a meeting with the Digital Industry Association of Dongguang China and the Dongguang Science and Technology Association on the second day. The current problems and difficulties of the electronics industries in Hong Kong and Dongguan under the financial tsunami were also discussed.

1.2. Reflected views and suggestions of Electronics Industry to Dr. Samson Tam reacting to the Financial Tsunami

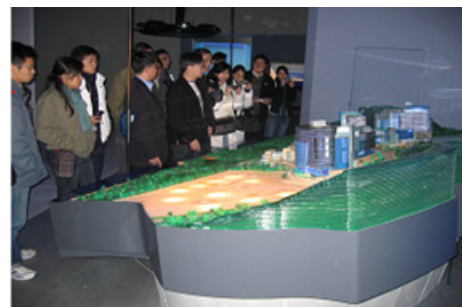

After the visit and various meetings with the electronics industry, the Electronics Division collected views from the industry and made suggestions to the government for taking appropriate actions to act against the financial tsunami. On December 23, 2008, a team of Electronics Division Committee met

with Hon Ir Dr. Samson Tam in his new legislative councilor's office in Central. The importance of the development of science and technology to the Hong Kong economy was confirmed. Some possible supports such as R&D tax incentives, expansion of the Science and Technology Park, educational and development seed fund and the development of Hong Kong Shenzhen Innovation and Technology Circle were discussed. A letter which summarized all the views and suggestion was formally passed to Dr. Tam. The Committee is very glad that Dr. Tam is very supportive to the industry and will reflect the views and suggestions to the Government. (Details of the letter can be referred to the 30th Anniversary Journal)

1.3. Technical Visits to the Cyberport

On 3 Jan 09, a technical visit to the Hong Kong Cyberport was organized. The Cyberport is being positioned as the IT flagship consisting state-of-the-art infrastructure buildings in Hong Kong. It is an area designed to attract quality IT companies to help make Hong Kong the digital city of Asia-Pacific region. High-speed broadband access and advance IT services are being provided to tenants in the Cyberport. During the technical visit, our members visited various information system facilities such as the Visitor Centre which presented an interactive 360 degree video animation; the iResource Centre which provided a centralised library for the public to subscribe IT information; the Digital Media Centre which offered the unique state-of-the art digital multi-media creation facilities and a video studio which allowed navigation of a virtual but real-time scene from different viewpoints.

1.4. The 30th Anniversary Dinner

The 30th Anniversary Dinner had been organized in 7/F, Harbour Plaza Metropolis, 7 Metropolis Drive, Hungghom, Kowloon, HK on 8th May 2009 (Friday). Government officials including Ir. Stephen Chan of the Electrical and Mechanical Services Department and Prof. O Yue of the Innovation and Technology Commission were the guest speakers. They presented speeches on “Evolution of the Applications of Electronics in the Government in the past 30 years” and “Innovation and Technology of Electronics Technology in HK” respectively. Legislative Councilors Ir Dr. Raymond Ho, Mrs. Regina Ip and Ir Dr. Samson Tam also presented their views on “Technology and Engineering Develop in Hong Kong in the next 30 years” during the forum with Ir. Jolly Wong and Ir. Peter Yeung as the moderator of the forum.

1.5. HKIE 30th Anniversary Journal

To celebrate the 30th Anniversary of the Electronics Division, a 30th Anniversary Journal had been published. This journal contains congratulations messages, committee introduction, technical and academic papers, album of past activities, current year activity report and forward looking message. The Journal had been distributed to all guests in the 30th Anniversary Dinner and the remaining will be distributed to schools, universities, libraries, government departments and members during the major events hosted by the Electronics Division.

2. Other Technical Seminars and workshops

Beside, many seminars and workshops were organized. Some of them are listed below:

Date	Activity	Co-organiser, if any	Speaker
18 July 2008	Advanced Rapid Prototyping and Rapid Manufacturing Technologies for Electronics Products Development	HKIE Division	BM Bryan SO Man-kit
29 October 2008	Some Anecdotes of Early Computing	HKIE Division, HKIE AMC	Ir Victor TSAI

7 November 2008	Digital Television Broadcasting	-	Mr Bruce Kruger
28 November 2008	Foxy: the good, the bad and the ugly	HKIE IT Division, HKIE AMC	Ir Dr K P CHOW
18 February 2009	Seminar on future trend of RFIC design in Hong Kong and the PRC	-	Mr Henry LAU
4 March 2009	RFID in clinical application	HKIE BM Division	Thomas Lui
21 March 2009	Technical Workshop on Advanced Imaging Techniques on Dental and Cranio-Maxillo Facial Application	HKIE BM Division	

3. Supporting organization of the following events

The Electronics Division was also invited by many other professional bodies to be a supporting organization of their event. Our committee members had involved in some of these events.

Date	Events	Organizer(s)
19 Aug 2008	Overview of Transport for London	Chartered Institute of Logistics & Transport
30 Aug 2008	HKICT Awards 2008: Best Innovation & Research Award	Internet Professional Association
16 Sep 2008	Seminar on Medical Devices	HKIE BM Division Department of Health
24 Sep 2008	Incident Management System Technologies and Application	-
28 Oct 2008	Opportunities & Strategies of the Development of IT & Electronics Industry in Hong Kong, by Dr Samson Tam	The University of Hong Kong
11 Nov 2008	協助企業符合 REACH 法規研討會	HK Productivity Council
8-10 Dec 2008	The 4th IEEE International Conference on Electron Devices and Solid-State Circuits 2008 (EDSSC'08)	IEEE
16-19 Dec 2008	Science and Engineering Fair 2008	City University of Hong Kong
Nov 2008 to May 2009	Program to Enhance the Capability of Engineers in the Electronic Industry in Exploiting New Technologies	Physical Society of Hong Kong, Hong Kong Productivity Council
April 2009	Sichuan Reconstruction Project – Rebuilt Multimedia Classroom for a reconstructed school in Sichuan	The University of Hong Kong and Association of Engineering Professionals in Society

Prepared by: Ir Dr. Wilton Fok, Chairman, Electronics Division, Session 2008/09

NOTICE OF THE 30TH ANNUAL GENERAL MEETING (AGM)

NOTICE IS HEREBY GIVEN that the Annual General Meeting (AGM) of the Electronics Division will be held on Wednesday, 13 May 2009 at 6:30pm (light refreshment will be served commencing 6:00pm) at Board Rooms 1 & 2, the HKIE Headquarters, 9/F Island Beverley, No 1 Great George Street, Causeway Bay, Hong Kong, for the following purposes:

1. To receive and confirm the Minutes of the 29th AGM.
2. To receive and adopt the Annual Report of the Division for Session 2008/2009.
3. To receive and adopt the Financial Statement of the Division for Session 2008/2009.
4. To elect the Chairman and Ordinary Members of the Division Committee for Session 2009/2010.
5. Any other business.

In case of adjournment of the AGM, members of the Division shall check on the Institution's website at www.hkie.org.hk and the Division's website at <http://en.hkie.org.hk> of the revised venue, time and date for the adjourned AGM.

Ir Daniel CHAN Pak Ming
Honorary Secretary
6 May 2009

Nominations for Division Chairman and Ordinary Members

Division Chairman

The outgoing Division Committee has decided to nominate **Ir Peter YEUNG Tin Chung** for election as the Chairman for Session 2009/2010.

Ordinary Members

The outgoing Division Committee has decided to opt for the maximum of 15 Ordinary Members and six Ordinary Members in the Committee shall retire by end of the Session, namely Ir Dr Ringo LAM Wai Kit, Ir David CHEUNG Chi Chiu, Ir Lawrence Law Siu lun, Ir Alan MOK Kai Chau, Ir Dr Roger SO Tsz-ngai and Ir Peter YEUNG Tin Chung.

The Division Committee has decided to nominate the following six candidates for Ordinary Members for a three-year term:

No.	Candidate (In Alphabetical order)	Post and Assignment in the Committee (Session 2008/2009)
1	Ir Dr CHENG Lee Lung	Advisor and China Visit
2	Ir Andy LAM Sui Ming,	-
3	Ir Dr Ringo LAM Wai Kit	Hon Treasurer
4	Ir Macbeth Law	-
5	Ir TAM Yuk Ho	CPDC Representative
6	Ir Christopher TO Wing	-

Candidate for Chairmanship

Ir Peter YEUNG Tin Chung

Ir Yeung is currently the Deputy Chairman of the Electronics Division 2008/2009. He serves in the HKIE Community Service Committee since 2007. He had previously served as Member of the Sub-Committee on Training in New Technologies of the Vocational Training Council from 1995 to 2001, and had served as Member of the Course Validation Panel of the Electronic Engineering Department of the Hong Kong Technical College (Chai Wan). Ir Yeung is also an active promoter of HKIE membership in the HK Science Park community.

Peter is the Senior Manager of Technology Support, in charge of the technology support infrastructure and professional engineering/laboratory services in the Hong Kong Science and Technology Parks Corporation. He heads the operation of the Integrated Circuits Probe and Test Development Centre, Reliability Lab, IC Failure Analysis Lab, Material Analysis Lab, Solid State Lighting Lab, Wireless Communications Test Lab, and Biotech Support Lab. He also chairs the HKSTP Safety Health and Environmental (SHE) Lab Advisory Committee to set up policy and monitor SHE practices of the Park.

Peter has 20+ years of professional experience in electronics and technology development. He is a key player in the realization of Hong Kong as the fabless Integrated Circuits design hub and role model in the region under the “7+1” framework led by the Ministry of Science & Technology of the PRC.

A member of The Institute of Electrical and Electronics Engineering, and the Tau Beta Pi Engineering Association, Peter holds a Bachelor degree in Electrical and Electronics Engineering from the Oregon State University and a Master degree in Business Administration from York University of Toronto. He is married with a daughter. .

Candidates for Ordinary Membership

(No. 1) Ir Dr CHENG Lee Lung

Dr. L.L. Cheng received his B.Sc. and M.Sc. from King's College, University of London in 1976 and 1981, respectively. He received his Doctor of Engineering from the Tsinghua University of China.

He has worked with UDI Co. Ltd.(Austria) as a Technical Consultant responsible for providing technical advice to the Ministry of PTT, the Ministry of Electronics, Ministry of Railway and Ministry of Defence, China from 1985-1987.

He returned to Hong Kong and in March 1990, he worked with City University of Hong Kong and the present title is assistant professor of the Electronic Engineering Department.

His recent researches are mainly on security systems, coding, cryptography, GPS, smart cards and computing systems.

Moreover, he is very active in professional bodies such as IEE Hong Kong , Hong Kong Institution of Engineers etc. In addition, he is a member of Hong Kong SAR Government Appeal Board Panel, Amusement Rides (Safety) Ordinance and Lift & Escalators (Safety) and the member of the Disciplinary Tribunal Panel (Builders' Lifts and Tower Working Platforms (Safety)) of H.K. Government. Dr. Cheng is also the director of the MaCaps International Company Limited.

Candidates for Ordinary Membership

(No. 2) Ir Andy LAM Sui Ming

Mr. Lam graduated from Essex University (UK) with Bachelor degree (BSc) in Electronic Engineering in 1989. He also received his Master (MSc) degree in Electronic Engineering from City University of Hong Kong in 1997. In 2007, he further received his Professional Diploma in Occupational Safety & Health from Hong Kong Baptist University and CompTIA RFID + Certification from Computing Technology Industry Association (USA). His professionalism is Intelligent Transportation System (ITS) and R&D Technical Manager. He has over 18 years experience in engineering field including planning, design, implementation and project/contract management of large-scale transportation related and Radio Frequency Identification (RFID) and electronics design in Hong Kong and China. In particular he has over 12 years experience in ITS areas such as the Electronic Toll Collection (ETC) System, Global Positioning System (GPS) and Advanced Traveler Information System (ATIS). He is the Head of Technology and Engineering of Autotoll Limited, he has project managed and maintained various key ITS projects in Hong Kong, which includes the ETC system in all toll-road and tunnels, GPS vehicle location fleet management system, Real time Traveler Information system and Journey Time Indication System (JTIS). In addition, he jointed Wong's Electronics Co., Limited and Suga Electronic Limited in 1990 and 1995 respectively. He had accumulated at least 6 years working experience in R&D, project Management and manufacturing of electronic devices. He is active in ITS industry and is currently the Honorary Secretary of Intelligent Transportation Systems – Hong Kong (ITS-HK), ITS-HK is a not-for-profit organization which aims to foster and promote ITS development and application in Hong Kong. He has been the core committee members for organizing the ITS technical talks, forums and conferences in Hong Kong and China with different organizations and institutions.

(No. 3) Ir Dr Ringo LAM Wai Kit

Ir Dr. Ringo Lam graduated from the Chinese University of Hong Kong in BSc in Electronic Science in 1988 and obtained the MPhil in Electronic Engineering in 1991. After awarded with the PhD degree in Electronic Engineering from the Hong Kong Polytechnic University in 1998, Ir Dr. Lam worked at the Department of Computer Science at the City University of Hong Kong until 2000. Since then, Ir Dr. Lam partnered with friends to form an IT company in Shenzhen, specializing in Hardware and Software development, as well as IT project consultancy. Ir Dr. Lam is now the Honourary Treasurer of the Electronics Division and represents the HKIE in Telecommunication Numbering Advisory Committee of the OFTA. Besides, Ir Dr. Lam is the appointed member of the Appeal Board Panel under Energy Efficiency (Labelling of Products) Ordinance, Cap 598. and the appointed member of the Appeal Board Panel under Amusement Rides (Safety) Ordinance (Chapter 449).

(No. 4) Ir Macbeth Law

Macbeth Law worked for HKSTP as a technical consultant for almost 7 year. His present major responsibility is providing test development services to the customers who mainly design integrated circuits. The services cover the design of test package on ATE (including hardware and software) for final testing and wafer probing, product evaluation, and specific test equipment development.

Before joining HKSTP, he worked for Motorola as a test development and product engineer for 7 year. At that time, he focused on the testing of analog device, such as regulator, and video drivers. Nowadays, the integrated circuits are getting much more complicated and his focus is on the testing and packaging of mixed signals circuits, SoC and RF devices.

Besides the above responsibilities, he was also involved in the coordination and planning of the setup of some laboratories (IC design center, IC development centre, Photonic development centre and Wireless testing laboratory) in HKSTP.

HKIE Electronics Division Annual General Meeting 2008 – Candidates' Biography

Candidates for Ordinary Membership

(No. 5) Ir TAM Yuk Ho

Ir YH Tam received his BSc and MPhil from the Chinese University of Hong Kong. After few years working in the Medical Industry, joined the Department of Anaesthesia & Intensive Care, Faculty of Medicine of the Chinese University of Hong Kong in 1991. His duties including clinical research projects, developing of patient monitoring technique and equipment for Operating Theater and Intensive Care Unit in the Prince of Wales Hospital. He is also involving in the build-up of information systems for clinical application and networking facilities.

Ir YH Tam has been serving the HKIE Electronics Division Committee for more than 12 years. Currently he is the CPD representative for the Electronics Division, and had been appointed the posts of Technical Program Coordinator, Hon. Treasurer and Hon. Secretary in the past.

(No. 6) Ir Christopher TO Wing

Christopher obtained a Bachelor of Honours Degree in Manufacturing Systems with Electronics from Glasgow Caledonian University and a Bachelors of Honours Degree in Law from City University of Hong Kong. He also holds a Postgraduate Certificate in Laws (PCLL) and a Masters Degree in Arbitration and Alternative Dispute Resolution from City University of Hong Kong and a Masters Degree in Commercial Law from the University of Northumbria.

In January 2007, Christopher was awarded the Young Global Leader 2007 status by the World Economic Forum to recognise the most distinguished 250 young leaders below the age of 40 from around the world. In 2001-2002 he was awarded Director of the Year by the Hong Kong Institute of Directors and is the President of the Institute of Compliance Officers and a Council member of the Hong Kong Institute of Directors and the Hong Kong International Arbitration Centre. He is on the panel of arbitrators and mediators of various leading arbitration and mediation centres around the world. He is the Honorary Secretary of the Asia Pacific Regional Arbitration Group. He was the Immediate Past Chairman of the Hong Kong Internet Registration Corporation Limited, Hong Kong Domain Name Registration Company Limited and the Inter-Pacific Bar Association Dispute Resolution and Arbitration Committee. Prior to his current posting he was Secretary-General of Hong Kong International Arbitration Centre and Asian Domain Name Dispute Resolution Centre. Christopher is currently the Executive Director of the Construction Industry Council.

Christopher actively lectures at various local and overseas universities and holds Adjunct Professorships in Engineering and Law at City University of Hong Kong, Hong Kong Polytechnic University and is the Co-Programme Leader of the MA in Arbitration and Dispute Resolution of City University of Hong Kong. He was appointed as a member of the Advisory Group on Company Formation, Registration, Re-registration, and Company Meeting and Administration Provisions by the Financial Services and Treasury Bureau of the Hong Kong Government in 2007 and actively participates as a member in various Appeal/Disciplinary Bodies.

He is a Fellow of various learned societies including the Institution of Engineering and Technology, Chartered Institute of Arbitrators, Hong Kong Institute of Arbitrators, Singapore Institute of Arbitrators and the Hong Kong Institute of Directors. He is also a Member of the Hong Kong Computer Society, Hong Kong Institution of Engineers, Hong Kong Corporate Counsel Association, Society of Construction Law, Intelligent Transport Systems, Hong Kong Mediation Council and an Associate member of the Royal Aeronautical Society.

Christopher has also written many articles and books in areas such as Corporate Governance, Negotiation, Mediation, Arbitration, Intellectual Property, Domain Names Disputes and Ecommerce.

Mr Martin SIU Wai-kwong	Ex-officio	AMC Representative
Mr Chan Tsz Kin, Ken	Ex-officio	YMC Representative

HKIE Electronics Division Annual General Meeting 2009 – Activity Report

No.	Activity	Schedule	Venue / Speaker	Jointly organised with	Coordinator in EN Division
1	Advanced Rapid Prototyping and Rapid Manufacturing Technologies for Electronics Products Development	18 July 2008	HKIE HQ	HKIE EN Division	TSE Lok Him David Yam
2	Overview of Transport for London	19 Aug 2008	Peter Hendy	HKIE EN Division, HKIE IT Division, Chartered Institute of Logistics & Transport	David Yam
3	HKICT Awards 2008: Best Innovation & Research Award	30 Aug 2008	Hong Kong Observatory	HKICT	Wilton Fok
4	Seminar On Medical Devices	16 Sep 2008	Hong Kong Science Museum / Mr. John F. Stigi and Mr. William M. Sutton	DH, HKIE EN and BME division	Raymond POON, TSE Lok Him
5	Incident Management System Technologies and Application	24 Sep 2008	HKEC	HKIE and ITS Hong Kong	TSE Lok Him
6	Opportunities & Strategies of the Development of IT & Electronics Industry in Hong Kong”, by Dr. Samson Tam, the Legislative Councillor (Information Constituency)	28 Oct 2008	Dr. Samson Tam	Faculty of Engineering, the University of Hong Kong and EN Division	Wilton Fok
7	Technical Seminar on ICT strategies for modern building infrastructures	29 Sep 2008	Ir Victor Tsai	IT Division, Electronic Division and AMC	YH TAM
8	Technical Seminar: “Some Anecdotes of Early Computing”	29 Oct 2008	HKIE, HQ	HKIE EN and IT Division	TSE Lok Him
9	協助企業符合 REACH 法規》研討會	11 Nov 2008	HKPC	HKPC and EN Division	Daniel Chan

No.	Activity	Schedule	Venue / Speaker	Jointly organised with	Coordinator in EN Division
10	Program to Enhance the Capability of Engineers in the Electronic Industry in Exploiting New Technologies: Seminar on Display Technologies	28 November 2008	HKPC	PSHK, HKPC, HKIE EN Division	Daniel CHAN
11	Foxy: the good, the bad and the ugly	28 Nov 2008	HKIE,HQ Ir Dr. K. P. Chow	IT Division, Electronic Division and AMC	YH TAM
12	Digital Television Broadcasting	7 Nov 2008	HKIE HQ Mr. Bruce Kruger (TVB)	HKIE EN Division	YH Tam, TSE Lok Him and David Yam
13	Science and Engineering and Engineering Fair 2008	16 - 19 Dec 2008	HKCEC	City U, HKIE EN Division	L.L. CHENG
14	The 4th IEEE International Conference on Electron Devices and Solid-State Circuits 2008 (EDSSC'08)	8-10 Dec 2008	Renaissance Kowloon Hotel,	HKIE EN and IEEE	TSE Lok Him
15	Dongguan Industrial visit	5-6 Dec 2008	Dongguan	HKIE EN Division	L.L. CHEUNG
16	Technical Visit to Cyber Port	3 Jan 2009	Cyber Port	HKIE EN Division	LL Cheng
17	Seminar on future trend of RFIC design in Hong Kong and the PRC	18 Feb 2008	HKIE, HQ Mr. Henry Lau,	HKIE EN Division	S K Dong
18	Program to Enhance the Capability of Engineers in the Electronic Industry in Exploiting New Technologies: Seminar on PCB and Packaging Technologies	20 February 2009	HKPC	PSHK, HKPC, HKIE EN Division	Daniel CHAN
19	RFID in clinical application	4 Mar 2009	HKIE HQ	HKIE EN Division	David Yam Raymond POON
20	Microjoining Technology Seminar	9 Mar 2009	HKPC	HKIE EN Division, HKPC, HKETA	Daniel CHAN
21	iMusicTech for technology advancement and education	21 March 2009	HKSTP	IT and Enc, HKIE	Wilton Fok

No.	Activity	Schedule	Venue / Speaker	Jointly organised with	Coordinator in EN Division
22	Technical Workshop on Advanced Imaging Techniques on Dental and Cranio-Maxillo Facial Application	27 March 2009	1/F HKPC	BME and ENC Division, HKIE HKMHDIA RACDS HKPC	TSE Lok Him
23	Sichuan Reconstruction Project – Rebuilt Multimedia Classroom for a reconstructed school in Sichuan	April 2009	The University of Hong Kong and Association of Engineering Professionals in Society		Wilton
24	Symposium on Lighting – Sustainability and New Technologies	15 April 2009	HKCEC	HKIE EN Division, HKTDC, HKETA, PolyU	Daniel Chan
25	Magnetics Society Distinguished Lecture series	17 April 2009	HKU	HKU, HKIE	Wilton Fok
26	Quality and testing of electronic products	23 April 2009	HKPC	IT, END, BM	TSE Lok-him David YAM
27	Program to Enhance the Capability of Engineers in the Electronic Industry in Exploiting New Technologies: Symposium on Sustainability Driven Innovative Technologies	7-8 May 2009	HKPC	PSHK, HKPC, HKIE EN Division	Daniel CHAN
28	Annual Dinner	8 May 2009	Harbour Plaza Metropolis Hotel	HKIE EN Division	TSE Lok Him. David Yam
29	Experience sharing: Vacuum tube amplifier production	May 2009	HKIE, HQ	HKIE EN Division	Johnny POON, TSE Lok Him
30	Technical visit to MTR	June 2008	To be confirmed	HKIE EN Division	TSE Lok Him Raymond POON
31	Dependability Management	To be advised	Henry LAU	HKIE EN Division	SK Dong
