# Seminar on Public Speaking Skills and Memory Techniques for Engineers

On 28 March 2007, the Area H1 Governor of Toastmasters International Mr. Victor Ng Hon, delivered a seminar on "Public Speaking Skills and Memory Techniques for Engineers". The seminar outlined the key components of a good speech and how to develop good communication skills. Some practical tips in using mind map and other memory techniques to memorize the script were shared. The seminar was conducted in an interactive way and many members enjoyed it.

Ir. Wilton Fok presented a souvenir to Victor Ng
